There are 2 options in the Terrain settings: 1) No simplification and 2) . Back to 3ds Max category.
YouTube channel | Linked | Facebook | Blogs. On the Edit tab, located at the bottom of the project window, you can perform various texture manipulations, such as changing transparency, creating textures in DDS format and using them in the built-in material pack, and setting their properties. Textures are the data from which objects get their colors. It is possible to draw a texture using the data stored in DDS format files in BMP format files
